TREASURER'S REPORT.

BOSTON, Jan. 8, 1889.

To the Massachusetts Rifle Association : —

GENTLEMEN, — In submitting my report for the year ending this day, I have the pleasure to report that the past year has been a prosperous one for the Association, as shown by the gratifying increase in the funds in the treasury, and that it is now in better condition than ever before, with a bright outlook for the future. As far as I can ascertain, there are no outstanding bills, and we have now on hand more than the usual amount of medals, etc., which will reduce the expenses of the coming year. The figures for the year are as follows : —

GEO. R. RUSSELL, *Treasurer,*

IN ACCOUNT WITH MASSACHUSETTS RIFLE ASSOCIATION.

Dr.

To Admission fees	\$190 00
Annual dues	249 00

D. L. F. CHASE,

Finance Committee.

REPORT OF RANGE COMMITTEE.

To the Massachusetts Rifle Association : —

GENTLEMEN, — The Range Committee submit the following report of additions and repairs which have been made during the past year : —

The pit, at 200 yards, has been lengthened and put in thorough repair, and two new targets added; also, a Bell telephone has been put in, connected with the same, from 200-yard firing-point, all of which give good satisfaction.

The electric bells have not been very satisfactory, as they are often out of order and cannot be relied upon at all times. The flag-poles have been rearranged and newly flagged, a powder-house built near the pavilion, and new targets and bulk-head erected for 50-yard pistol and revolver practice.

The committee, acting under instructions from the directors, has succeeded in purchasing the strip of land, 20 feet wide, connecting the Range with the town road.

The short and mid ranges are in good condition. The long-range pits will have to be repaired the coming season. The committee has done nothing about building a moving target, as they could see no way to do it at a moderate expense.

We would call the new committee's attention to the need of extending the piazza at the shooting-house, and also the repainting of the building.

J. B. FELLOWS,

H. S. HARRIS,

For the Committee.

REPORT OF TRAP-SHOOTING COMMITTEE.

GENTLEMEN, — Your committee on trap-shooting would respectfully submit the following report: —

There have been held at the range during the year 1888 seventeen shot-gun competitions, which, considering the lack of train accommodations between the range and places where the majority of our members reside, have generally been well attended. Fifteen of the competitions were regular club shoots, for practice and sweepstake matches, and one contest each day for the gold coin and merchandise prizes offered for competition by the Association to all shot-gun shooters, under the following conditions: Entry free. Each competitor to be credited one point in the class which his score should rank in the day's competition. Competitors required to compete in nine or more of the fifteen specified competitions to entitle them to a place in the prize list.

The total number of contestants in the match was fifty-eight, several of whom failed to attend the required number of competitions, while others, whose attendance was sufficient, failed to secure places in the prize list, owing to the wide distribution of points scored.

Following is a summary of the winners in the match and their prizes: —

H. G. Wheeler, — 1st Prize, — Gold Coin	\$20 00
T. G. Strater, — 2d Prize, — One Silver-Plated and Engraved Tilting Ice Pitcher and Goblet	20 00
H. Strater, — 3d Prize, — Gold Coin	15 00
J. Nichols Frye, — 4th Prize, — One Silver-Plated, Satin Finish, Engraved Pitcher Set, three pieces	15 00
J. S. Sawyer, — 5th Prize, — Gold Coin	10 00
D. Perham, — 6th Prize, — One Superfine Stag Handle Carving Set, Knife, Fork, and Steel, in Fine Plush Box	12 00
H. Runels, — 7th Prize, — One Elegant Silver Shaving Cup and Brush, in Plush Case	10 00
J. A. Frye, — 8th Prize, — Gold Coin	5 00
M. Knowles, — Bronze "Victory" Medal of the M. R. A., first of the kind ever offered for competition to shot-gun men, for highest average in the several competitions in the match	10 00

No competitor having scored for the 9th prize, a "consolation" match was arranged at the close of the final competition, for which were eligible only non-winners in the original match, and A. W. Gore, Esq., a non-member, was the successful contestant.

A. W. Gore, — One Silver-Plated Cheese Scoop, in Plush Box . . . \$5 00

This was the only prize of the ten in the match not taken by a member of the Association.

The famous Climax Diamond Badge offered June 13, for competition, to all trap-shots in New England, without entry fee, to be competed for at Walnut Hill once each month for twelve consecutive months, has attracted a good degree of interest among shooters. Six more competitions for the badge are yet to be held, when the trophy will become the property of the competitor having won it the greatest number of times in the thirteen specified competitions. Two of the competitions were special shoots. The first, held March 7, was a challenge contest for the Champion Team Clay-Pigeon Badge of the State Shooting Association, held by the Massachusetts Rifle Association, the Worcester Sportsmen's Club being the challenging party. Four teams entered the contest, — one from the Worcester Club, two from the Wellington Gun Club, and one from the Massachusetts Rifle Association.

The home team was unsuccessful in defending the badge, the first Wellington team capturing it, with a score of 78 out of a possible hundred; the Worcester team being second, with a score of 75; the second Wellington team third, with a score of 73; and the M. R. A. team fourth, with a score of 71.

The second special shoot, held December 18, was an individual challenge contest between two members of the Massachusetts Rifle Association — Messrs. O. R. Dickey and H. G. Wheeler — at one hundred clay pigeons, which was won by the former, with the score of 93 against the score of 78 by the latter. This match, owing to the well-known skill of the contestants, attracted much attention, and a lively degree of interest was taken in the result.

"The trap-shooters of the Association have, during the past year, well maintained their reputation as skilful marksmen. both on our own and other ranges." The Association now holds the Five-Men Champion

Team Challenge Badge of the New England Trap-Shooters' Association; also the Five-Men Champion Team Challenge Clay-Pigeon Badge, the Individual Clay-Pigeon Badge, and the Individual Blackbird Badge of the State Shooting Association, — the former of the individual badges being held by T. G. Strater, and the latter by O. R. Dickey. "This certainly is a record of which the Association may well be proud."

Your committee are pleased to report that, considering the small number of shoots held during the year, the financial results are highly gratifying. The net amount realized, after paying each and every expense chargeable to this branch of sport, as shown by detailed memorandum this day rendered the treasurer of receipts and disbursements, being \$232.28, which, with the admission fees received by the Association for seven new shot-gun members admitted to membership during the year, and the annual dues of forty or more old members, should be a substantial benefit to the treasury of the Association.

Your committee are also pleased to report that the conveniences at the range for continuing this branch of the sport — which affords enjoyment to no inconsiderable number of members of the Association — are better than in former years, several changes having been made during the past year, which, with the addition of three new traps for throwing the standard targets, are decidedly advantageous. With better facilities for reaching the range, — the necessity of which has been referred to in a previous report, — your committee are confident that the sport of trap-shooting will continue to be a popular and profitable branch of the Association.

Respectfully submitted,

J. S. SAWYER,
O. R. DICKEY,

For the Committee.

The Association acknowledge contributions to the prize lists from Messrs. R. M. Pulsifer & Co., Southington Cutlery Company, Meriden Cutlery Company, R. N. Oakman, Esq., and Dr. W. A. Bell.
